

Inception Date: 1/1996

STRATEGY OBJECTIVE

The Large-Cap Core Equity strategy seeks to provide long-term capital appreciation and to minimize periods of significant negative returns by investing in market-leading, financially strong U.S. companies that serve as proxies for favored sectors.

OUTLOOK AS OF 3/31/19

- Our outlook for moderate U.S. economic growth remains intact, while some late-cycle signs of slowing growth affirm our view that a sustained economic reacceleration is unlikely.
- Volatility is likely to continue as sentiment shifts in a moderate economic growth environment can play an outsized role in short-term market movements.
- Sector selectivity will be increasingly important going forward.
- The risk of rising interest rates has moderated, as inflation pressures have eased somewhat and the Federal Reserve has hit pause on rate hikes.

PORTFOLIO POSITIONING AS OF 3/31/19

- Moderate growth and an advanced economic cycle warrant exposure to sectors with a mix of cyclical and secular drivers, as well as sectors with limited economic sensitivity.
- We favor sectors that continue to benefit from a mix of positive secular and cyclical tailwinds, including Information Technology, Health Care, and Communication Services.
- We are avoiding the most economically-cyclical sectors, such as Industrials, Materials, and Energy.
- In Q1, we modestly reduced the portfolio's economic sensitivity by reducing Financials exposure and adding Utilities exposure.

Q1 ATTRIBUTION*

Positive Contributors:

- Overweight
 - Information Technology
 - Consumer Discretionary
- Underweight
 - Financials
 - Utilities

Negative Contributors:

- Overweight
 - Health Care
 - Consumer Staples
 - Communication Services
- Underweight
 - Industrials

PORTFOLIO COMPOSITION*

Number of holdings: Approximately 20

- Holdings typically 5% at cost
- Maximum individual equity exposure: 10%
- Maximum industry exposure: 15%
- Maximum sector exposure: 35%

Target cash position: 2% to 5%

Annual turnover range: 21% to 55%**

**Based on 5 years ended 12/31/18

MODEL PORTFOLIO WEIGHTS*

CURRENT HOLDINGS*

Communication Services

- Alphabet Inc. Cl. A (GOOGL)
- AT&T Inc. (T)
- Walt Disney Company (DIS)

Consumer Staples

- Kraft Heinz Co. (KHC)
- Procter & Gamble Co. (PG)
- Walmart Inc. (WMT)

Information Technology

- Apple Inc. (AAPL)
- Cisco Systems, Inc. (CSCO)
- Mastercard Inc. (MA)
- Microsoft Corp. (MSFT)
- PayPal Holdings, Inc. (PYPL)

Consumer Discretionary

- Starbucks Corp. (SBUX)
- TJX Companies, Inc. (TJX)

Financials

- JPMorgan Chase & Co. (JPM)

Health Care

- Biogen Inc. (BIIB)
- Bristol-Myers Squibb Co. (BMY)
- Gilead Sciences, Inc. (GILD)
- Medtronic plc (MDT)
- UnitedHealth Group Inc. (UNH)

Utilities

- Duke Energy Corp. (DUK)

22 years of experience, 12 years at WestEnd Advisors
- **Ty Peebles**, CFA, CPA, Partner, Senior Investment Analyst
9 years of experience, 5 years at WestEnd Advisors

ABOUT WESTEND ADVISORS

WestEnd Advisors is owned by six partners, all of whom are active in the firm. Our ability to analyze economic indicators, and to know which merit attention, has served our clients well for over two decades. This top-down, macroeconomic-based investment approach was first employed in 1996 with our Large-Cap Core Equity strategy and is now applied across all of our investment offerings.

As of March 31, 2019, WestEnd Advisors' total firm assets under management and advisement were \$4.7 billion.** We work in partnership with our clients and are committed to transparency, compliance, and sharing with investors what we know and learn. We are an employee-owned firm and have the independence to make decisions that are in the best interest of our clients.

INVESTMENT PROCESS

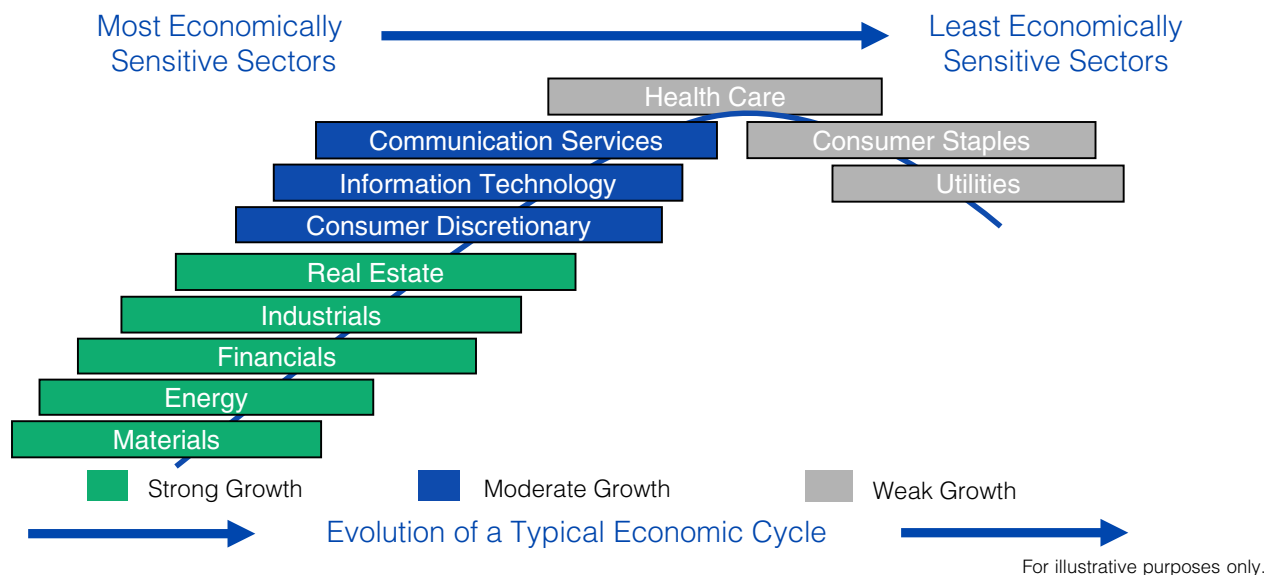

Economic trends are the winds that drive the direction of the markets. That is why we analyze hundreds of economic indicators to help direct our decisions. Over two decades of experience helps us determine which data merits emphasis and which does not.

We begin the investment process by aggregating more than 200 domestic and international economic measures into a proprietary database. Then we evaluate the data to identify areas of economic strength and weakness in the economy and U.S. equity markets, and invest in approximately 20 stocks poised to benefit from economic trends.

STRATEGY HIGHLIGHTS

- **Length of track record** Top-down approach since 1996
- **High conviction** Flexibility to deviate from benchmark
- **Risk mitigation** Manage downside protection through sector avoidance
- **Tax efficient** Typically low turnover and long-term holding periods

THE IMPORTANCE OF SECTOR ALLOCATIONS

WestEnd actively positions client portfolios in the most economically sensitive U.S. large-cap sectors when it expects strong growth, and transitions to less economically sensitive sectors as growth expectations wane.

FOOTNOTES AND DISCLOSURES

WestEnd Advisors is an SEC-registered investment adviser. Registration of an investment adviser does not imply any level of skill or training. The firm is an independent investment management firm, 100% owned by its active principals. WestEnd manages both equity and fixed-income assets for individuals and institutional clients.

WestEnd Advisors' Large-Cap Core Equity Composite is invested solely in U.S. Equity securities and/or high-grade money market instruments. Returns are achieved without the use of options, derivatives or leverage of any kind. Results are calculated daily using the aggregate method, use trade date valuations, and include cash as well as the reinvestment of dividends, interest income, and other earnings, if applicable. Portfolio returns are weighted using beginning of period values plus weighted cash flows. Portfolios and composites are valued daily, are denominated in U.S. dollars only, and include discretionary non-wrap accounts with a minimum of \$500,000 invested in the Large-Cap Core Equity Model. The Composite excludes broadly distributed fund accounts. Prior to January 1, 2017, the Composite minimum was \$1,000,000 and excluded taxable accounts.

Composite performance results and the percentage of firm assets from December 31, 1995 to December 31, 2002 were realized under WestEnd Advisors' predecessor firm Providence Capital Management, Inc. in the Large-Cap Core Equity Composite. Providence Capital Management was a registered investment adviser founded October 1, 1995 by Robert L. Pharr. Mr. Pharr served as President and Chief Investment Officer, and made all the investment decisions since creation of the Composite. The Large-Cap Core Equity Composite creation date is December 31, 1995.

Net-of-fee performance results are presented after investment management fees paid to WestEnd Advisors, as well as after brokerage or other commissions actually paid by clients in the management of their investment advisory account, but exclude any deductions for custodial fees. The current management fee schedule, as described in WestEnd Advisors' SEC Form ADV Part 2, is as follows: 1.00% for accounts valued at \$100,000 to \$4,999,999; 0.90% for accounts valued at \$5,000,000 to \$9,999,999; 0.75% for accounts valued at \$10,000,000 to \$24,999,999; 0.65% for accounts valued at \$25,000,000 to \$49,999,999; and 0.50% for accounts valued over \$50,000,000. Fees are negotiable where circumstances warrant.

Past performance is not indicative of future results. It should not be assumed that recommendations made in the future will be profitable. The information contained herein is not intended to be an offer to provide investment advisory services. Such an offer may only be made if accompanied by WestEnd Advisors' SEC Form ADV Part 2.

The S&P 500[®] and Russell 1000[®] are used for comparative purposes only. The S&P 500[®], our primary benchmark, includes approximately 500 stocks and is a common measure of the performance of the overall U.S. stock market. The S&P 500[®] Index measures the performance of 500 leading companies in the U.S. economy. The S&P 500[®] Index focuses on the large-cap segment of the market, with approximately 75% coverage of U.S. equities. The S&P 500[®] Index is designed to be an indicator of U.S. equities and is meant to reflect the risk/return characteristics of the large-cap universe. The S&P 500[®] Index is a market capitalization-weighted index - each stock's weight in the index is proportionate to its market capitalization. The Russell 1000[®] is used as our secondary benchmark, and represents the extensive large-cap segment of the U.S. equity universe. Benchmark returns are not covered by the report of independent verifiers.

The dispersion of annual returns is measured by the standard deviation of the asset-weighted portfolio returns included in the composite for the full year. Dispersion is calculated based on gross returns and is not shown when there are five or fewer portfolios, as the calculation is not statistically meaningful.

A complete list and description of all WestEnd Advisors' composites as well as a presentation that complies with the requirements of the Global Investment Performance Standards (GIPS[®]) is available upon request by phone (888-500-9025) or email (info@westendadvisors.com).

Additional information regarding policies for valuing portfolios, calculating performance, and preparing compliant presentations is available upon request.

Attribution Analysis is relative to the S&P 500[®] benchmark and was current as of the quarter specified in this presentation. A complete attribution report is available upon request.

Holdings, Sector Weightings, and Portfolio Characteristics were current as of the date specified in this presentation. The listing of particular securities should not be considered a recommendation to purchase or sell these securities. While these securities were among WestEnd Advisors' Large-Cap Core Equity holdings at the time this material was assembled, holdings will change over time. There can be no assurance that the securities remain in the portfolio or that other securities have not been purchased. It should not be assumed that recommendations made in the future will be profitable or will equal the performance of the securities presently in the portfolio. Individual clients' portfolios may vary. Upon request, WestEnd Advisors will provide a list of all recommendations for the prior year.

As of March 31, 2019, WestEnd Advisors had \$22.6 million of assets in the Large-Cap Core Equity Composite. This information is included as supplemental information only.
