U.S. Sector

Q2 2023

Firm and Strategy Overview

A Boutique Firm Providing Core Solutions

FIRM HIGHLIGHTS

- Experienced portfolio management team
- Macroeconomic, sector-focused approach since 1996, managing ETF-only strategies since 2005
- Suite of core active SMA portfolios that fit a range of client objectives
- Strategies designed to provide the diversification clients need and the potential outperformance expected from a differentiated, active solution

U.S. Sector Strategy

STRATEGY HIGHLIGHTS

- **Inception Date:** January 2013
- **Focus:** U.S. large-cap equity – Long-only, sector-based equity ETFs from leading U.S. providers; no use of leverage or derivatives
- **Risk Mitigation:** Manage downside capture through active U.S. sector avoidance
- **Tax Efficiency:** Low average annual turnover/typically long-term holding periods

A core large-cap domestic equity portfolio emphasizing active sector allocation and avoidance.

OBJECTIVE

The U.S. Sector strategy seeks to provide long-term capital appreciation, while sector avoidance and active allocations help mitigate volatility. The strategy combines high-conviction active management with the diversification of low-cost, passive ETFs.

Investment Process

The cornerstone of our investment process is that the macroeconomic environment is a key driver of financial market returns.

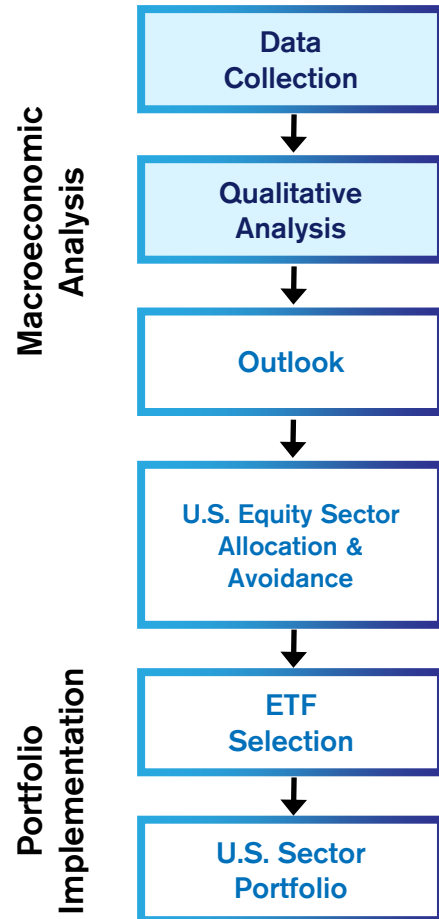

Macroeconomic Investment Process

For illustrative purposes only.

- Conduct macroeconomic analysis to formulate outlook
- Allocate to the large-cap sectors that we believe will benefit from economic tailwinds, while sectors facing headwinds are avoided
- Select ETFs from leading U.S. providers to invest in favored sectors of the U.S. equity market

Forward-Looking Macro Analysis

Translate Outlook To Allocation: U.S. Equity

For illustrative purposes only.

- Active allocation and avoidance of U.S. large-cap equity sectors is based on outlook for the economic cycle

For illustrative purposes only.

Sectors: Intuitive Categories

- Sectors are discrete economic categories that segregate companies based on their primary business activity
- WestEnd believes sectors are inherently linked to fundamental economic drivers

Early-Phase Sectors

Mid-Phase Sectors

Late-Phase Sectors

Sector performance is represented by sectors of the S&P 500® Index. "Large Cap" is represented by the S&P 500® Index. "Small Cap" is represented by the Russell 2000® Index. "Growth" is represented by the Russell 1000® Growth Index. "Value" is represented by the Russell 1000® Value Index. Data for 2016 excludes Real Estate as a stand-alone sector, which was included in Financials until September 16, 2016. Data for 2018 replaces the Telecommunication Services Sector with the new Communication Services Sector after September 21, 2018, using geometrically-linked total returns to produce a single full-year return, and treats the linked returns as a single sector, due to changes in GICS sector classifications and index rebalancing that occurred as of market close on September 21, 2018. An index is unmanaged and is not available for direct investment. For additional information, see Footnotes and Disclosures at the end of this presentation.

Sectors: WestEnd Has Over Two Decades of U.S. Equity Sector Allocation Experience

WESTEND MODEL TARGET SECTOR WEIGHTS FOR LARGE-CAP U.S. EQUITIES*

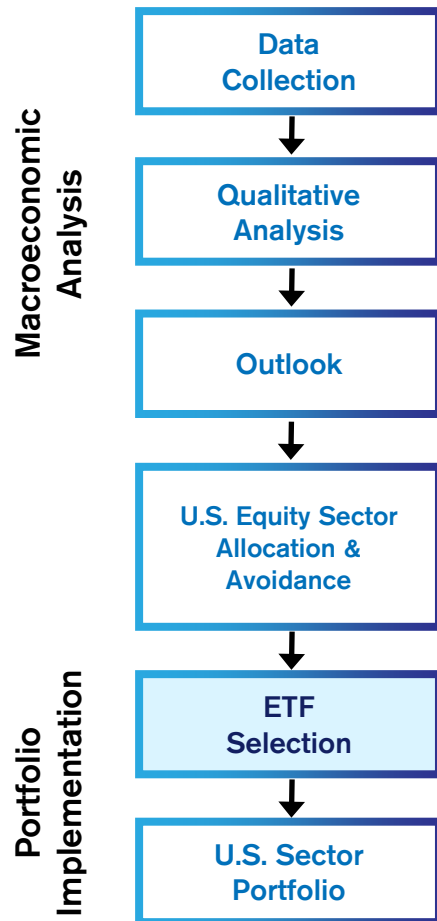

Source: WestEnd Advisors

* Target weights as a percentage of large-cap U.S. equity-only allocation for the strategy indicated as of each date. Large-Cap Core Equity strategy weights exclude cash. Global Equity and Global Balanced strategy large-cap U.S. equity-only sector weights exclude international equities, small/mid-cap U.S. equities, cash and other assets. As a percentage of each strategy's equity allocation, Global Equity and Global Balanced strategy model U.S. large-cap sector weights have been identical since inception.

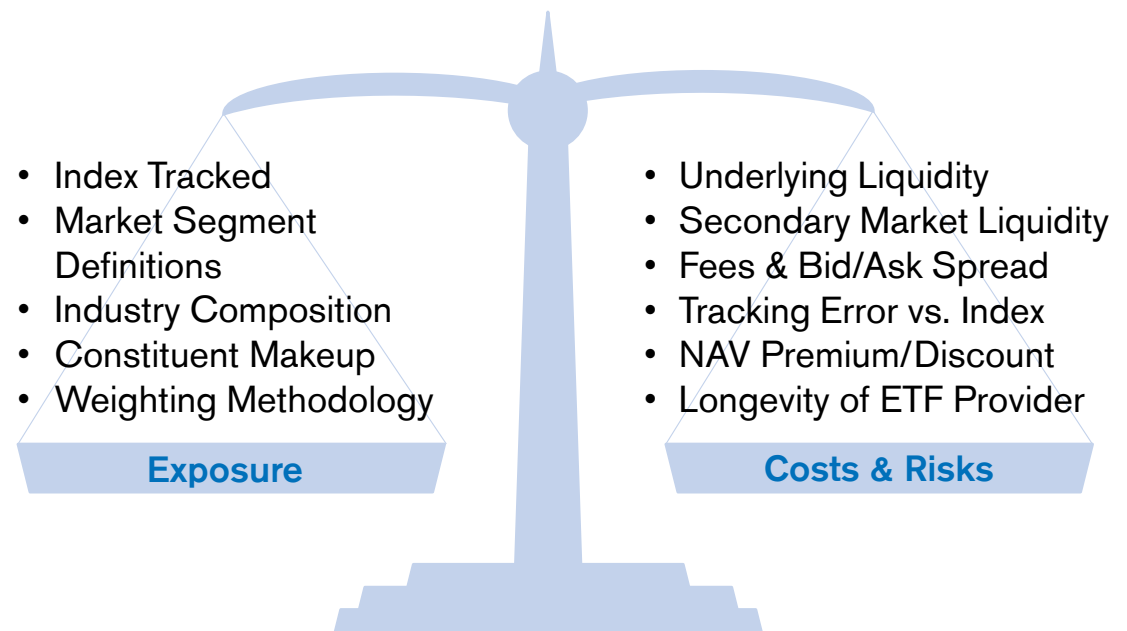

† Effective September 30, 2018, the Telecommunication Services sector was combined with portions of the Information Technology and Consumer Staples sectors to form the new Communication Services Sector. For additional details, see Footnotes and Disclosures at the end of this presentation.

Implementation Example: Full Account

U.S. Sector can:

- Offer a unified and diversified U.S. equity portfolio
- Keep an account positioned to take advantage of the current economic and market environment
- Provide alpha generation potential for a large-cap domestic equity portfolio

U.S. SECTOR AS EQUITY ACCOUNT SOLUTION

Alpha generation potential and risk control through active sector allocation & avoidance*

* Allocations are generalized and for illustrative purposes only. The U.S. Sector strategy benchmark is the S&P 500 Index.

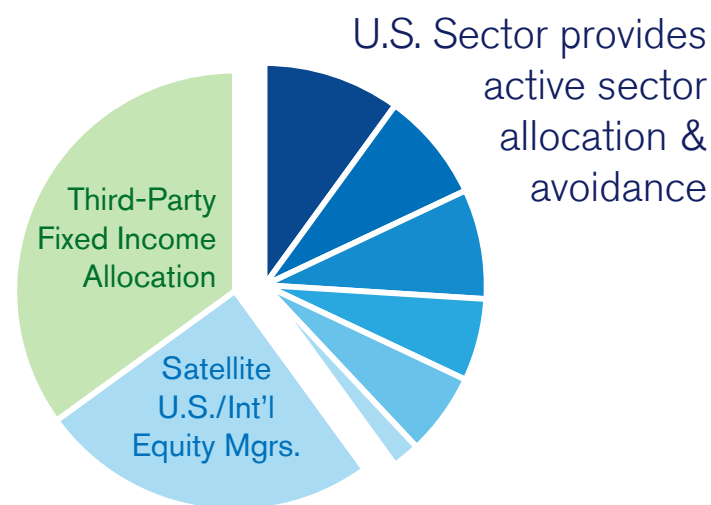

Implementation Example: Core Allocation

U.S. Sector can:

- Provide a core domestic equity allocation with significant alpha potential
- Help align a portfolio with the macroeconomic backdrop
- Reduce the need to monitor separate managers across multiple sub-asset classes and styles like growth and value

U.S. SECTOR AS CORE ALLOCATION

Pair with third-party or in-house fixed income and international equity models/managers*

Footnotes & Disclosures

WestEnd Advisors, LLC ("WestEnd"), an SEC-registered investment adviser, operates as an autonomous Victory Capital® Investment Franchise. WestEnd's active principals are responsible for managing the firm and its day-to-day operations. Registration of an investment adviser does not imply any level of skill or training. WestEnd manages equity securities for individual, institutional and wrap clients.

WestEnd Advisors' U.S. Sector Composite is invested primarily in U.S. equities. The objective of this portfolio is to provide investors a single investment vehicle with exposure to the U.S. equity Sectors and Industries. Returns are achieved without the use of options, derivatives, or leverage of any kind. Results are calculated daily using the aggregate method, use trade date valuations, and include cash as well as the reinvestment of dividends, interest income, and other earnings, if applicable. Portfolio returns are weighted using beginning of period values plus weighted cash flows. Portfolios and composites are priced daily and are denominated in U.S. dollars only. Performance returns include all discretionary accounts invested in the U.S. Sector model except for portfolios managed by WestEnd Advisors in a wrap-fee program. The U.S. Sector Composite creation and inception date is December 31, 2012. While the U.S. Sector strategy invests in U.S.-based exchange-traded funds, at times there may be limited exposure to non-U.S. investments.

The performance shown is based on WestEnd Advisors' U.S. Sector Composite which includes all fully discretionary accounts invested in the U.S. Sector model except for Wrap-Fee (Wrap) and Unified Managed Account (UMA) accounts. While the accounts in the U.S. Sector Composite are invested according to the same model as Wrap and UMA accounts, performance may differ between the U.S. Sector Composite and Wrap and UMA accounts due to a variety of factors, including but not limited to: fees assessed by Wrap and UMA sponsors (e.g. wrap fees), Wrap and UMA sponsor- and client-imposed investment restrictions, and WestEnd Advisors' lack of trading discretion over UMA accounts.

Gross returns reflect the deduction of direct trading costs and the underlying expenses of investment vehicles held in the portfolio. Net performance reflects the deduction of an assumed 3.00% annual fee rate which is intended to equal or exceed the combined maximum advisory program fees and maximum investment management fees charged to advisory platform clients. This combined fee will normally include all charges for trading costs, portfolio management fees, custody and other administrative fees. Composite net returns are calculated by subtracting 1/12th of the highest applicable annual fee rate (3.00%) from the monthly gross return. Due to compounding of returns, full year net returns will typically not equal the gross return less 3%. Actual fees may vary depending on the individual sponsor's fee. Investment management fees are negotiated directly with advisory program sponsors. Fees are negotiable where circumstances warrant. Additional information on fees is provided in WestEnd Advisors' SEC Form ADV Part 2.

Past performance is not indicative of future results. It should not be assumed that recommendations made in the future will be profitable. The information contained herein is not intended to be an offer to provide investment advisory services. Such an offer may only be made if accompanied by WestEnd Advisors' SEC Form ADV Part 2.

The S&P 500® is used for comparative purposes only. The S&P 500®, our primary benchmark, includes approximately 500 stocks and is a common measure of the performance of the overall U.S. stock market. The S&P 500® Index measures the performance of 500 leading companies in the U.S. economy. The S&P 500® Index focuses on the large-cap segment of the market, with approximately 75% coverage of U.S. equities. The S&P 500® Index is designed to be an indicator of U.S. equities and is meant to reflect the risk/return characteristics of the large-cap universe. The S&P 500® Index is a market capitalization-weighted index - each stock's weight in the index is proportionate to its market capitalization. Benchmark returns are not covered by the report of independent verifiers.

The dispersion of annual returns in the Performance Notes table is measured by the standard deviation of the asset-weighted portfolio returns included in the composite for the full year. Dispersion is calculated based on gross returns and is not shown when there are five or fewer portfolios, as the calculation is not statistically meaningful. The 3-year ex post standard deviation is calculated based upon gross returns.

Strategy Advisory-Only assets in the Performance Notes table include assets in Unified Managed Account (UMA) programs for which WestEnd provides Model Portfolios but has no discretion to effect trades, and no supervisory responsibility over the assets in the program.

Footnotes & Disclosures

A complete list and description of all WestEnd Advisors' composites, as well as a presentation that complies with the requirements of Global Investment Performance Standards (GIPS®), may be obtained by phone (888-500-9025) or email (info@westendadvisors.com). Policies for valuing investments, calculating performance, and preparing GIPS Reports is available upon request.

Any portfolio characteristics, including position sizes and sector allocations among others, are generally averages and are for illustrative purposes only and do not reflect the investments of an actual portfolio unless otherwise noted. The investment guidelines of an actual portfolio may permit or restrict investments that are materially different in size, nature, and risk from those shown. The investment processes, research processes, or risk processes shown herein are for informational purposes to demonstrate an overview of the process. Such processes may differ by product, client mandate, or market conditions. Portfolios that are concentrated in a limited number of sectors or industries may be subject to a higher degree of volatility than a portfolio whose investments are more diversified.

Holdings, Sector Weightings, and Portfolio Characteristics were current as of the date specified in this presentation. The listing of particular securities should not be considered a recommendation to purchase or sell these securities. While these securities were among WestEnd Advisors' U.S. Sector holdings at the time this material was assembled, holdings will change over time. There can be no assurance that the securities remain in the portfolio or that other securities have not been purchased. It should not be assumed that recommendations made in the future will be profitable or will equal the performance of the securities presently in the portfolio. Individual clients' portfolios may vary. Upon request, WestEnd Advisors will provide a list of all recommendations for the prior year.

WestEnd Advisors claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS® standards. WestEnd Advisors has been independently verified for the periods December 31, 1995 through December 31, 2022.

A firm that claims compliance with the GIPS® standards must establish policies and procedure for complying with all the applicable requirements of the GIPS® standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS® standards and have been implemented on a firm-wide basis. The U.S. Sector Composite has had a performance examination from composite inception through December 31, 2022. The verification and performance examination reports are available upon request.
